

SA FLEXIHEAT

NEW
HEATBOX
SAHB

PAINT & FLUID
TEMPERATURES
MAINTAINED

This portable **SA FLEXIHEAT EX** HeatBox will store containers of paint, PFP, grease and other substances at their optimum temperature right next to your application, even in a Zone 1 Hazardous area. This has been proven to deliver extensive financial savings as there is no longer the need to constantly carry product between heated stores and work site. It also means that the entire contents of the containers can be used, rather than wasting a percentage due to product solidifying. The HeatBox is air powered, exceptionally simple to use and virtually maintenance free.

NEW HEATBOX SAHB

BENEFITS

- ATEX Certified for Zones 1 & 2 (gas)
- Saves you time, risk, and money on tasks
- Compressed air powered – no electricity required
